

Minimum Basic Graduation Requirements for the BSc Program in Mathematics

Students will be awarded the BSc degree in Mathematics without an option designation if they do not meet the requirements specified for the option in which they are officially registered, but have completed all of the following requirements:

1. at least 18 credits of course work in general education to be selected from amongst those general education courses that are listed under the section "Designated General Education Courses".
 - (a) a minimum of 12 credits in Humanities and Social Science courses, with at least one course in Humanities and one course in Social Science;
 - (b) a minimum of 3 credits in Engineering courses; and
 - (c) a minimum of 3 credits in Business and Management courses;
2. course work in English communication at or above the 100 level;
3. a minimum of 10 courses in Mathematics which must include:
 - (a) MATH 102, MATH 111, MATH 202 and MATH 301;
 - (b) one of MATH 303, MATH 304, MATH 311 or MATH 321; and
 - (c) at least two more MATH courses at 300-level or higher;
4. Unless otherwise approved by the Department, zero-level mathematics courses cannot be used to fulfill any MATH or FREE elective requirements.
5. a pass in LANG 108 English for Science Students; and
6. a minimum total of 100 credits.
